

# GSRM Internship

A Pathway to Increase Diversity in Science Research

ISSUE NO 8 | 07.22.2019 | GSRM: WEEK NINE

GENOMICS SUMMER RESEARCH  
FOR MINORITIES

Week nine is short but sweet! The main focus is having a complete draft of your poster and to make sure posters are ready for printing.

Be prepared, we will practice delivering a conclusive five-minute poster presentation. Consult with your mini-groups about the content and overall poster appearance. Bring your final draft printed in one-page and send an electronic copy to Gloria Slattum.

We concluded the students' research presentation last week. Congratulations to all of you for a job well done. Many thanks to all the mentors, co-mentors and friends for your time, feedback and support.

## MARK YOUR CALENDARS

Thursday July 25, 2019

GSRM Lecture Series

Where: **Computer room 3100A**

Time: 4-5:30pm

Bradley Demarest, MS

Introduction to R and RStudio

Friday July 26, 2019

GSRM Mentor Lunch

Where: **HSEB 5100D**

Time: 2-4pm

Students Poster Presentation

What to expect  
for week number  
nine?

Highlights and  
Spotlights

**Happy Birthday Celine.**

We wish you had a beautiful celebration of your life. May you feel deeply loved and happy. May you have health and abundance. Your GSRM friends!

**REPRESENTATION IN STEM MATTERS!** GSRM students and the program were highlighted at the University of Utah Health News. To read the full article, visit this link:
